ABOUT MYSELF ...

I am a very motivated student who is driven by meaningful work, always pursuing to make the world a better place and to work on sustainable projects and contribute to environmental economics research

EDUCATION

UNIVERSITÄT BERN & ETH

MASTER'S IN CLIMATE SCIENCES / Bern & Zürich, Switzerland / September 2020 - present

- Specializing in Environmental Economics and Agriculture & Food Systems.

UNIVERSITAT DE BARCELONA

BACHELOR'S IN THEORETICAL PHYSICS / Barcelona, Spain / September 2014- February 2019

- Relevant Modules of the program included: Calculus and Analysis, Programming, Mathematical Methods, Statistics and theoretical Physics subjects.

TECHNISCHE UNIVERSITÄT MUNICH, TUM

PHYSICS EXCHANGE STUDENT/ Munich, Germany / October 2018 – February 2019

- Studied courses in Applied Physics and attended lectures in Entrepreneurship and Management at the TUM School of Management and UnternehmerTUM.

UNIVERSITY OF PENNSYLVANIA, UPENN

PHYSICS EXCHANGE STUDENT/ Philadelphia, USA / August 2017 – December 2017

- Awarded to two *Universitat de Barcelona* students per year, based on academic merit.

WORKING & VOLUNTEERING EXPERIENCE

VENTURE ANALYST

TECHFOUNDERS, UNTERNEHMERTUM/ Munich, Germany / January 2020 – August 2020

- Identification of relevant tech-startups for three leading accelerator programs in defined fields of interest of the corporate partners through online research, startup database and attendance at startup conferences and events. I also collaborated in the organization of the pitch events.
- Special focus on Food Tech and startups with businesses in line with the UN 2030 Agenda.

MEMBER OF THE CLASSIC PROJECT

ENACTUS MUNICH/ Munich, Germany / November 2018 – September 2020 & occasional advisor

- Classic is a non-profit social startup that fights plastic pollution in Thailand. We do it by implementing a circular business model and offering reusable and alternative products to single-use plastic ones.
- As co-leader, I supervised a wide range of activities, including finances, the business plan, and impact assessment. Other contributions were the creation of the website, sales plan, creation of pitch presentations, and product design.
- Currently I remain as an advisor mainly assessing the positive impacts of the project.

WORKING STUDENT AT ALLIANZ SE

AZ SE – EXECUTIVE EVENTS/ Munich, Germany / May 2019 – October 2019

- Administrative and technical assistant of the events department, with special focus in the organization of onsite events.

TUTORING TEACHER

IDIOMÀTIC ACADÈMIA/ Roda de Ter, BCN, Spain/ June 2012 – September 2018

- English, Science, Math, Spanish and university access exams teacher in a private academy.
